Tuve que pagar a precio de dÃlar este libro porque no estÃ disponible en mi paÃs. Este libro aborda demasiados aspectos teÃricos de la traducciÃn y es muy poco pragmÃtico. Para quienes estamos de lleno trabajando en campo no es una buena opciÃn, como lo dicen otros filÃlogos; , este es uno de ellos. Detesto haber corrido con tantos gastos de importaciÃn y envÃo para un libro tan teÃrico. Otros libros con mayor aplicaciÃn practica para traductores son: "La traducciÃn del inglÃs al espaÃol ÃcÂ"Ã Marina Orellana" y " Bilingual Grammar of English - Spanish ÃcÂ"Ã Sam Hill" Los mencionados libros son eminentemente prÃcticos y comparativos, brindando a los interesados en el tema puntos de comparaciÃn especÃficos entre ambas lenguas sin descuidar los aspectos teÃricos de donde provienen las diferencias.

A workaday must for the translator and interpreter. Reference and relevant text for linguists and professionals. A good purchase. Recommended.

It's an awesome dictionary, really helpful for translation students, because it helps you with some

tips for improves english-spanish translations. Its a must have! :)

A must have for all translators! A very good, practical book. Great reference for all translators out there. Although I have to admit it, at some points it goes way too theoretical to the point of boring numbness, which makes me rate it 4 stars. But all in all, a brilliant book.

It was OK but I imagine this book more professional examples

It is not an easy read, but after the first two chapters, it is packed with tips for the translator.
