Customer Reviews

The hole punches were too close to the edge and broke within a week. The guide itself is well laid out and useful for quick reference

It's great - very useful. The hole punches ARE too close to the edge though if you're going to use it in a binder. Otherwise though, worth the \$5 in my opinion.

I love it... Fits nicely in my binder. Everyone in my class wants to know where I got it!

This definitely helped for my exam in Chemistry
