Before You Were Born

Synopsis

It's the mystery of mysteries-what's going on inside a pregnant woman's belly? That's what Jennifer Davis's older children wanted to know while she was expecting the younger. So to explain, she wrote **BEFORE YOU WERE BORN**, now with 102,000 copies in print, a joyful lift-the-flap book that tells the parallel story of mother and baby during the nine months of pregnancy. Illustrated with full-color whimsy by Laura Cornell, whose delightful work is familiar to readers of Jamie Lee Curtis's *Tell Me Again About the Night I Was Born* and *When I Was Little*, **BEFORE YOU WERE BORN** is a month-by-month countdown written in rhyming verse. Each page shows what's happening to the mother on the outside and then, under the flap, in the mother's belly to the baby on the inside. Children learn how Mommy is feeling and how the baby is developing, about hiccups, kicks, and umbilical cords, a first heartbeat, and the contractions that mark the beginning of labor. For expectant mothers and curious little kids, and especially for kids with siblings on the way, it is an interactive storybook that delivers delight and information and reassurance, too.

Age Range: 2 - 6 years

Grade Level: Preschool - 1

Customer Reviews

PreSchool-Grade 2-A whimsical yet accurate look at many different aspects of prenatal development. Told from a pregnant woman's point of view, the lighthearted rhyming text begins, "Before you were born and with 9 months to go..." and counts down to delivery day. In the bottom

left corner of each double-page spread is a thumbnail drawing of a baby along with an informational tidbit on a developmental milestone that each month brings. For example, readers learn that at seven months to go, "You were now starting to smile and frown." The facing page then focuses on one identifying event for that month such as hearing the baby's heartbeat, feeling the effects of the hiccups, or experiencing rapid weight gain. After focusing on the mother's perspective, a postcard-sized flap can be lifted to reveal the fetus, happily painting its growing nails or gleefully dancing, boom box in hand. Loose, jaunty, black-ink lines and splashy watercolors support the humorous tone of these anecdotal vignettes that are sure to garner laughs as the woman's belly grows out of proportion to her tall skinny face. Readers will enjoy the interactive nature of this energetic title. Martha Topol, Traverse Area District Library, Traverse City, MI Copyright 1998 Reed Business Information, Inc.

Share the pleasure. Unveil the mystery. This joyous, innovative book about pregnancy tells the parallel story of mother and baby, from hearing the thumpity-thump of baby's heartbeat to that unforgettable first meeting.
