Nicholas Clayton has been a butler for 11 years. His work has taken him all over the world, as he has been butler to the rich and famous. Nicholas lives in Bristol.

teaching sons can be a challenge!This book is great!

The authors dry humor and wit, coupled with his experience and gift for description make this a fun and informative reference book.

I was very impressed by the cover and feel of this book. My husband was very happy with the book overall.

The book touches on several areas that are pertinent and offer good advice. It has an easy-going

style. I gave it to my husband who is already well-groomed but he thought it still helpful.

Excellent guide - this even appears on the royal families official site of products to buy.

The cute little volume is loaded with information that will be new to the average fourteen year old. Every style cliché is touched upon, and arcane secrets like brush your teeth and bathe daily are revealed. Why we need a butler to tell us anything, except how to be a devoted servant to some rich bastard is beyond me. You want to know about grooming and style? Check out the real deal in the field, not this pocket sized pot of pabulum. Gentleman: A Timeless Guide to Fashion and Dressing the Man: Mastering the Art of Permanent Fashion
